

## How to Access Home Learning Resources on the Shared Area

You can access the Home learning resources by logging onto the Remote Desktop (See Remote Desktop Access Instructions)

- Once logged on you can either:
  - Click one of the two links on the desktop
    - Student Home Learning – for main school students
    - BL6 Home Learning – for BL6 students

- Alternatively click on This PC and select either the Student Share or BL6 Share
- You can then select within both of these
  - Read Only
  - Home Learning
