

Week Beginning:	4th May 2020
-----------------	--------------------------------

General Instructions / Information:

- Students should aim to complete 7.5 hours of study in Business each week during the school closure (not including holidays)
- See the school website for further instruction on accessing Email, Remote Access to school Software, and Teams. [ICT-specific instructions can be found on the video here \(login required\)](#)
- [Click this link to access the class Teams page](#)

Activity	Detailed description	Resources required	Deliverables / Evidence
Activity 1 Unit 3.7 notes	Make notes on 3.7 work your way chronologically through the PowerPoints in the 3.7 folder. This folder is available in the home learning folder, in the business folder and on Teams. DO NOT make notes on Ratio Analysis or Investment Appraisal we will do these together in class. This work will be set for the next few weeks as this unit is quite large and there are a lot of notes to make.	All resources are available via the Class Teams page in the 'files' section .	Images of your completed notes can be uploaded onto the 'posts' section on the Teams site
Activity 2 Seneca online learning	You have been set an assignment on Seneca to complete sections of the course. Please log into Seneca and work through the sections asked of you and the end of section tests	Seneca website	I can directly see time spent and units completed from my class overview. Some of you have not used Seneca at all please do
Activity 3 End of unit tests	Work through the end of unit tests set and linked on the assignment set on our Teams page	End of unit tests which are on home learning folder/One Note and Teams Note: offline copies of the lesson content will be copied to the Home Learning folder	Tests can be handed in via teams for marking. If you have trouble with this you can email me them directly.
