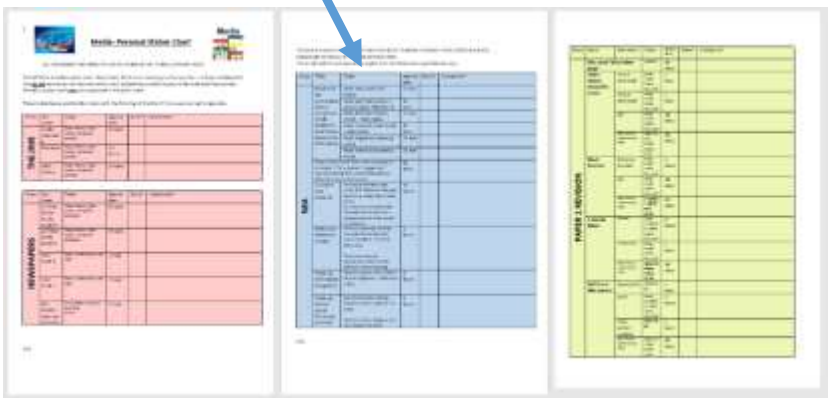
Media Year 12 Work update May 2020

Hi all

I hope you are well.

As you are all aware I have made a very detailed step by step list of tasks for you to complete as you go along, and you are all on different positions and are doing things in a different order. This is absolutely fine as –depending on your situation – you might be prioritising NEA prep or revision.

The document looks like this: and a link to it can be found here: sticker chart sheet



This feeds into my all-encompassing (and very high tech!) sticker chart as you can see below. You will notice that some people are focussing on NEA and others are doing the consolidation work –either is fine.

In brief, there are 3 sections that you can be working on:

1- Consolidation of work 'abandoned' in March – ie The Jinx and newspapers
2- NEA prep
3- Revision of Paper 1 elements (KoTV, I,DB, BP etc)

Any and all work for these elements can be found in the home learning section (where they have been so far). Alternatively, the numbered sections above are hyperlinks to the relevant folder. There is also a link to each individual resource on the next page.

In terms of **feedback** – I am keeping up to date with people via email. This enables a discussion about where you are up to and we can have a dialogue about the work completed and the ideas that are emerging. Please email me on ruth.lucas@brineleas.co.uk

I would ideally like AT LEAST one email a week from everyone!

See below for hyperlinks to all documents.

The folder title is the hyperlink and the list below tells you what is in the folder.
