

How should you approach Science home learning in year 9 and 10 (Combined and Triple science)?

How long shall I spend on Science every week?

Just try to do what you can. We recommend around 3 hours a week.

What should I do?

This week is catch up week! I have included a link below to the past instructions documents so that you can see what has previously been set. You can access previous weeks' instructions using the link below.

[Previous work set](#)

If you are up to date, you may want to complete the summary and practise questions in the kerboodle digibook. The pages are summarised in the table below:

| | |
|-------|-------------------------------|
| topic | Pages of the online text book |
| B18 | Biology book p310-311 |
| C14 | Chemistry book p218-219 |
| P13 | Physics book p200-201 |

Where can I find the worksheets and other resources?

They are in the Science Home Learning folder (shared\Students\Read Only\Home Learning). Details on how to access this folder are on the school website or you can click on the links below to access the folders:

[Biology](#)

[Chemistry](#)

[physics](#)

How do I login and use the online resources?

We have put comprehensive instructions on how to logon and use Kerboodle, and the group code for Seneca in the Science Home Learning Folder. There are also instructions on how to access Seneca on My Child at School or you can click on the links below

[Kerboodle instructions](#)

[Seneca Instructions](#)

What if I don't have a printer?

You can answer the questions on the worksheet in you exercise book or on paper, or you can make a Science learning log by attaching all the work together.

How do I know if I have got the answers right?

The online tasks will give you immediate feedback. We have included the answers to all worksheets and textbook questions in the Science Home Learning Folder so that you can check your own answers and correct them. You can also access the answers using the links to the folders above.

What if I cannot access the internet or online textbook

If you are unable to access the student book and activities online, we have a **limited** number of textbooks that we are able to loan out. If you are interested in borrowing a book, please put in a request using sciencelearning@brineleas.co.uk and we will arrange a time for books to be collected from the school reception.

How can I contact the Science department?

We have a new email address so that parents and students can contact us with any home learning queries. sciencelearning@brineleas.co.uk
