## Re: Lexia Strategies – Web-based Reading Programme

Dear Parent/Guardian,

I am writing to inform you that your child will be using a web-based reading programme called Lexia Strategies which provides the targeted practice and instructions that students would require to develop their reading skills.

### Getting started is easy!

- Launch a Chrome web browser and go to [www.lexiastrategies.com](http://www.lexiastrategies.com).
- Create a bookmark or favourite for this web address.
- You will see a link to download Adobe Flash Player if you do not have it.

*Flash Player 11 or higher is required.*

If you have a slow Internet connection or if you cannot install Flash Player, you can install the strategies software on your computer instead of using the website. Go to [www.lexialearning.com](http://www.lexialearning.com) and click **Downloads** at the top of the page, choose Lexia Strategies and find UK Downloads.

iPad and iPad Mini users can download the Lexia Strategies app from the App store. Search for "Lexia Strategies UK". Android tablet users can download the Strategies app from the Google Play store. Search for "Lexia Strategies UK". **Please note, the app is not available for Kindle.**

The first time you access Lexia Strategies, simply click the Student/Parent button, type in your teacher's email (**below**) and click the arrow button to continue.

**Teacher Email (for setup):** [lexia@brineleas.co.uk](mailto:lexia@brineleas.co.uk)

**Student Username:** the same login used within school

**Student Password:** Read1 (this is case sensitive)

For your child's improved reading age, we recommend an average of 20-30 minutes per session, a minimum of twice a week and that usage is kept to a reasonable level – not too short and not too long. For your child to 'move up' from one Level to the next, or to complete a topic, they must achieve a pass rate of 80-100%. It is therefore advisable that students do not rush to complete a Level.

**Please allow your child to work independently and at their own pace. Provide encouragement, but don't give away the answers!**

Finally, if you require any further help in getting started, please go to [www.lexialearning.com](http://www.lexialearning.com) and click **Support**.

Yours faithfully
