

# Brine Leas School

An Academy

Believe, Learn, Succeed

September 2018

Dear Parent/Guardian

I am writing to inform you of the additional support that we are currently delivering in the PE department in the run up to your child's exams in May next year. During Wednesday lunchtimes we will be offering revision workshops to support students in their learning. This information has been communicated to your child. We feel that they must attend as our tracking data suggests the additional support is necessary to help them fulfil their potential.

Further information that you may find useful to help encourage your child is as follows:

1. Visiting websites such as BBC GCSE Bitesize and Seneca alongside students' classwork books will further aid learning away from the classroom.
2. After school extra-curricular activities are updated fortnightly on the school website and Twitter; attendance at these will help towards improving practical performance grades.

These activities will continue to run until the controlled assessments in PE have taken place.

We feel that providing targeted intervention early into year 11 is the best way to support your child. Please contact your child's teacher on the following email address if you would like any more information or an update on their progress.
