

Brine Leas School

An Academy

Believe • Learn • Succeed

December 2019

Dear Parent/Carer

Year 8 are now at the end of their third unit of study. The assessment for this unit will be taking place on Wednesday 15th January, the week after we return from the Christmas break. Students will need to revise the following

- Angle facts (Clips 477 - 491, 812 - 814)
- Bearings (Clips 492 - 496)
- Angles in Polygons (Clips 560 - 565)

Calculators can be used in this assessment and students may struggle without one, so please check your child has a working calculator and remembers to bring it. The Maths department will not lend out calculators for assessments.

Your child's class teacher will be able to give your child more detailed information about specific areas on which to focus. You can help your child by encouraging good revision techniques and testing him or her on angle facts.

Thank you for all your support.

Yours faithfully

Niamh Vernon
