Re: Maths Assessment

Dear Parent/Guardian

Year 9 are now at the end of their third unit of study. The assessment for this unit will be taking place on Monday 20th January. Students will need to revise the following

- Averages and ranges (Clips 404-420)
- Bar charts (Clip 425)
- Two way tables (Clips 422 - 424)
- Pie charts (Clips 427 - 429)
- Stem and leaf diagrams (Clips 430 - 432)
- Box plots (Clips 434 - 436, 440) (higher test only)
- Cumulative Frequency Diagrams (Clips 437 - 438) (higher test only)
- Frequency Polygons (Clip 441)
- Scatter diagrams (Clip 453 - 454)

Calculators can be used in this assessment and students will struggle without one, so please check your child has a working calculator and remembers to bring it in. Students will also need a ruler, pencil and protractor. The Maths department will not lend out calculators or other equipment for assessments.

Your child's class teacher will be able to give your child more detailed information about specific areas on which to focus. You can help your child by encouraging good revision techniques and testing him or her on the different statistical diagrams.

Thank you for all your support.

Yours faithfully

Mrs N Vernon
