Teaching & Learning Newsletter

Dear Parents/Carers,

I hope you have all been enjoying the sunshine. As promised here is the rota for the zoom clinic as discussed in our last Teaching and Learning newsletter, which also contains the protocol for using these clinics. These clinics begin on Monday and are designed to be an opportunity for students to gather some guidance, signposting, or support in relation to misconceptions they may need from a subject specialist.

Your son/daughter may also ask for specific support and guidance through your child's subjects team page which can also be accessed from Monday by posting a message on the main page. Please encourage your son/daughter to not be shy with asking questions on the Microsoft Teams page for their class as the likelihood many others in their class will be asking the same questions and the answers to these posts will support them too. Please see the email I sent last Friday for more details about our movement to Microsoft Teams.

We are aware the slots on the Zoom clinics have limited capacity and we will review how popular the clinics are and look to increase capacity if the need emerges.

To access the Zoom meetings you can click on this link <https://zoom.us/> and then click on join meeting at the top of the page. When prompted put in the following meeting ID and password as shown below. We will use the waiting room facility to allow 1 student in at a time.

Meeting ID: 682 373 5345
Password: 595144

Please see the clinic rota attached to this email which begins Monday 1st June.

I hope you all continue to enjoy the sunshine. Stay safe and well.

Kindest Regards,

Victoria Skelding
Assistant Headteacher

	Monday 1.6.20	Tuesday 2.6.20	Wednesday 3.6.20	Thursday 4.6.20	Friday 5.6.20
